Application Statement

Completing the Application is only the first step in gathering information that will help us understand how a pet will fit into your lifestyle. Please do not be surprised if we call or email you later for more information.

Please Note that our Primary Consideration in ALL Pet Placement Decisions is the PET !

Most of our pets have had a hard life and many have special needs (such as food, attention, training, security, etc.). We appreciate your understanding how much effort goes into the placement decision. In most cases, considerable work, love and money are expended to rehabilitate the little furry buddies. After this considerable investment, it is understandable that we really try hard for a good "fit".

Please keep in mind that not everyone who applies will get a pet.

This has more to do with the pet than with the applicant.

However, every application will be considered, and is deeply appreciated!

You are special, indeed, to seek out a rescued pet to join your family!
